BENEFITS

① Automatic Updates

With CloudWage, we always make automatic updates, for example, When tax rate changes. This means that payroll calculations will always be accurate.

② Self-Service

CloudWage offers a separate login for employees. This allows employees to view their Payslips and apply for loans and advances.

③ Security

CloudWage uses the same security as banks, meaning your private information will always be safe. Also, your payroll history is not lost if your computer crashes. You pay only for the number of employees you process.(no risk of losing money to 'ghost workers')

④ Mobility & Flexibility

CloudWage is accessible anywhere and anytime. All you need is a computer or mobile device with internet connection. You are no longer confined to your desktop. Your payroll expands and shrinks as your business grows, enabling you to add as many employees or pay cycles as you like.

⑤ Organization

CloudWage stores all your payroll records in one place. You are also able to upload additional document information for safekeeping too.

CloudWAGE - SaaS

Simplify your payroll processing with our cloud-based Payroll Software as a Service.

Access your data anytime, anywhere and automate your payroll processes to increase productivity and reduce errors. Secure and cost-effective.
